Dear Member of the City Bar Chorus,

It is always a pleasure to have you perform at Brown Gardens! Last Tuesday night was no exception. All the residents that attended the concert were so happy you were here and really had such fun. The evening is always special but for some reason it was even better than in the past. (As if that is possible!) You should have been here the next day to hear the comments about you. Your ears would have been ringing. The talk in the lobby was so complementary. The residents were still smiling twelve hours later.

Again, as always, I would like to extend my heartfelt appreciation for your time, energy and beautiful singing voices. You definitely bring so much joy to Brown Gardens. Never stop coming!

Sincerely yours,

Sherry Marks
