Dear Mr. Feerick:

On behalf of the children and families at the Ronald McDonald House of New York, we would like to congratulate your wonderfully talented organization as it reaches their fifth anniversary. We feel very lucky to have benefited from City Bar Chorus's several volunteer concerts and enjoy an ongoing relationship with your group.

City Bar Chorus is especially close to our hearts at the Ronald McDonald House of New York. As you know, the families and children who stay here at the Ronald McDonald House come from all around the globe to receive treatment for pediatric cancer...The children speak many different languages, but always seem to find a way through your music to communicate with each other. CBC is always so highly energetic, so composed and "kid-friendly" with their outreach and sing-along hits from Disney.

Please accept our sincerest congratulations on a fine five years of touching hundreds of people's lives. We salute City Bar Chorus in their honoring you this anniversary concert.

Sincerely,

Betsy Davis
Director of Volunteer Services
Ronald McDonald House of New York
